

## **PUAFER002 ENSURE FACILITY EMERGENCY PREVENTION PROCEDURES, SYSTEMS AND PROCESSES ARE IMPLEMENTED**

**SHE Group (Safety Health & Environment)** is a privately owned and operated business based in Brisbane, Queensland. We specialise in quality education and training, first aid supplies and WHS contracting services to Australian workplaces. Our priority is to deliver professional, affordable, and engaged onsite consulting services to our community. SHE Group is a third-party provider, delivering nationally recognised training and assessment in WHS and First Aid courses on behalf of **Allens Training Pty Ltd RTO 90909**.

This course has been developed to cover facilities such as a building, structure or workplace, as specified in Australian Standard (AS) 3745 and AS 4083. All aspects will be undertaken in accordance with legislative requirements, facility policies and procedures and accepted safe work practices.

It applies to individuals supervising occupants of a facility; typically, they will be a general supervisor, who are required to implement facility emergency prevention safety procedures within a facility or a defined group of facilities. Participants in this course will learn how to effectively:

- Apply Work, Health and Safety (WHS)/Occupational Health and Safety (OHS) facility requirements
- Conduct facility emergency prevention inspections
- Delegate tasks according to facility emergency prevention, safe work practices and level of responsibility
- Ensure facility emergency protection systems, emergency control equipment and evacuation systems remain effective
- Identify situations that could lead to facility emergencies
- Monitor and reviewing facility work area regularly to identify new and unsafe work practices
- Record and report unsafe conditions in a facility
- Report problems or deficiencies with facility emergency protection systems, emergency control equipment and evacuation systems

### Units Delivered

The following units will be included in your certificate:

- PUAFER002 - Ensure facility emergency prevention procedures, systems and processes are implemented

### Course Delivery

This course can be delivered/assessed in the workplace or at facility organised by the training provider.

### Course Durations

Course durations can vary for multiple reasons, so the durations below are the minimum possible amount.

- Face-to-Face Face to Face contact time of at least 3 Hours

### Entry Requirements

Participants must have the physical capacity to complete all practical demonstrations. This includes conducting routine checks and using communications equipment.

# PUAFER002 ENSURE FACILITY EMERGENCY PREVENTION PROCEDURES, SYSTEMS AND PROCESSES ARE IMPLEMENTED
