22556VIC COURSE IN THE MANAGEMENT OF ASTHMA RISKS AND EMERGENCIES IN THE WORKPLACE

SHE Group (Safety Health & Environment) was initially established in 1997. We are committed to collaborating positively with our clients and students to instil self-confidence, skills, and knowledge. SHE Group (Safety Health & Environment) provides high-quality work health and safety (WHS) training and consulting services in consultation with Australian businesses to assist with WHS compliance and mandatory training obligations in the workplace. SHE Group is a third-party provider delivering nationally recognised training and assessment in WHS and First Aid courses on behalf of Allens Training Pty Ltd RTO 90909.

Successful completion of this course will provide participants with the knowledge and skills to be able to develop an asthma management plan and provide asthma-related first-aid interventions in the workplace.

The course covers the correct use of reliever medication, recognition, risk management, prevention and risk minimisation strategies related to asthma. Individuals completing this course will be able to apply their skills and knowledge in either the workplace or in the community.

**** Some industries require additional training, such as childcare workers, school teachers and other related industries.**

Unit Delivered

The following units will be included in your certificate:

22578VIC - Course in First Aid Management of Anaphylaxis

VU23090 - Provide first aid management of anaphylaxis

Course Delivery

This course can be delivered/assessed in the workplace or at a facility organised by SHE Group.

Please refer to the student handbook located on the RTO website [Student Handbook](#) for all details relating to rights and responsibilities, including complaints and appeals.

ENTRY REQUIREMENTS

Participants must have the physical fitness to be able to meet the demands of the practical demonstration, such as assisting a casualty into the correct position and administering asthma medication.

Pre-course study:

Students may be required to undertake online pre-course work prior to attending the face-to-face session, depending on the course delivery mode.
