HLTAID015 (EXPRESS) PROVIDE ADVANCED RESUSCITATION AND OXYGEN THERAPY

SHE Group (Safety Health and Environment) is a privately owned and operated business based in Brisbane, Queensland. We specialise in quality education and training, first aid supplies and WHS contracting services to Australian workplaces. Our priority is to deliver professional, affordable and engaged onsite consulting services to our community.

SHE Group is a third-party provider delivering nationally recognised training and assessment in WHS and First Aid courses on behalf of Allens Training Pty Ltd RTO 90909.

This course has a pre-requisite of HLTAID011 Provide First Aid.

The learning content and knowledge assessment of this Advanced Resuscitation course are delivered in an online format, followed by face-to-face practical skills assessment sessions. It is delivered in line with the Australian Resuscitation Council guidelines and first aid code of practice and applies to those who may be required to provide first aid, CPR and oxygen in a range of complex situations, including community and workplace settings.

Simulated real-life situations will be used to develop the skills and knowledge for using and maintaining specialised equipment for the provision of first aid, resuscitation, and oxygen therapy. Instruction on first aid and CPR will be provided, as well as treatments specific to advanced conditions, such as inserting an appropriate basic airway adjunct, using tourniquets and haemostatic dressings for life-threatening bleeding, and administering oxygen safely at the correct flow rate.

The course covers recording casualty conditions, conveying incident details, completing workplace incident documentation, and debriefing for recognising areas for improvement, psychological impacts, and seeking help as required.

Unit Delivered

The following units will be included in your certificate:

- HLTAID009 - Provide cardiopulmonary resuscitation
- HLTAID015 - Provide advanced resuscitation and oxygen therapy

Course Delivery

This course can be delivered/assessed in the workplace or at a facility organised by SHE Group.

Learner Rights, Responsibilities & Support

Please note that enrolment to this course is made with Allens Training Pty Ltd RTO 90909. Please refer to the student handbook on the RTO website [Student Handbook](#) for all details relating to rights and responsibilities, including complaints and appeals.

ENTRY REQUIREMENTS

Participants must have the physical capacity to perform the practical demonstrations, such as 2 minutes of uninterrupted CPR on the floor and performing rescue breathing techniques on manikins.

Pre-course study:

Students may be required to undertake online pre-course work before attending the face-to-face session, depending on the course delivery mode.

Online study:

Students must have access to a computer, smartphone, tablet, or other electronic devices with access to the internet to complete the online / pre-course studies.

COURSE DURATION

Course durations can vary for multiple reasons, so the durations below are the *minimum possible amount*.

- **Online with face-to-face assessment** Face to Face contact time of at least **1 Hour 30 mins**

This course has a **pre-requisite of HLTAID011 Provide First Aid** which must be completed **prior** to undertaking this unit of competency.

PLEASE NOTE: *HLTAID003 Provide first aid is not equivalent to HLTAID011 Provide First Aid and can, therefore, not be used as a substitute for the pre-requisite requirement.*

ASSESSMENT REQUIREMENTS

Individuals undertaking this course will be expected to complete both written and practical assessment tasks.

Assessment Activities:

- Perform CPR on an adult (incl. the use of bag-valve-masks, oxygen equipment, an AED and placing the casualty into the recovery position)
- Perform CPR on an infant
- Manage a casualty with a life-threatening bleed and provide oxygen
- Complete an incident report
- Maintain resuscitation equipment

Theory Assessment:

A written assessment consisting of multiple-choice questions.
